

Please read the following:

It may be necessary for staff / volunteers to do things of a personal nature for children, particularly if they are very young or disabled e.g. using the bathroom. These tasks can only be carried out with the full understanding and consent of the parents / guardians and the child concerned. This is particularly so if it involves dressing or undressing of outer clothing, or where there is physical contact, lifting or assisting a child to carry out particular activities.

For children / young people with specific illnesses it is necessary for the school to have full knowledge of the illness and be instructed in the way to handle a situation should it arise e.g. Asthmatic attack, Epileptic fit, etc.

The School needs to be informed in writing about the necessary procedure.

It is also necessary for the school to have permission to carry out minor first aid on your child should the situation occur e.g. Nose bleed, Sprain, Cut finger, Cut toe etc. The School needs to be informed if your child has any allergies towards plasters, antiseptic creams etc.

The school also asks your permission to use photographs of your child, that may be taken throughout the school year in advertising campaigns or on the school website. If you do not wish photos to be taken of your child please indicate below. Photographs will only be taken by a professional photographer or by a member of staff.

In order to do all these things the School needs your consent, please sign below.
